

THE LEADER IN AT SCALE DATA STORAGE

2019 Lustre User Group (LUG)

May 16, 2019

Craig D. Vershon – Director, Americas Deployment and Professional Services

DDN | DOMAIN EXPERTISE + TECHNOLOGY ENABLED EXECUTION

OPEN COMMUNITY

Mature Open Source

Running stably in production at many thousands of sites around the world

The Community Caretaker

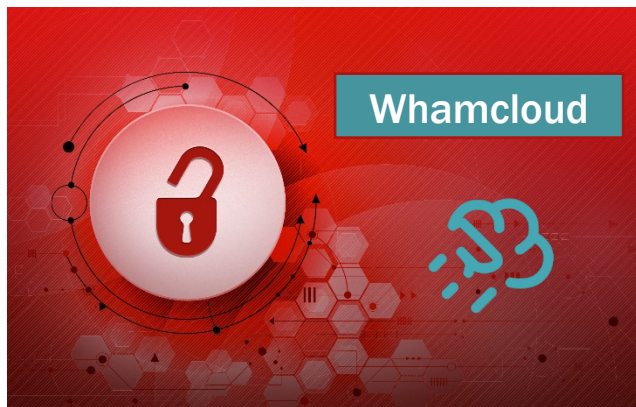

The primary developer, maintainer, and technical support provider

Expert Engineering and Support

Rapid deployment and deep end-to-end insight from application to disk

Any Vendors Storage

A global network of OEM, integrator, and reseller storage partners

HPC AND ANALYTICS AT SCALE

Infinite Scale

Exabytes, TB/s, M+ IOPs, 10K+ clients

Exclusive Features

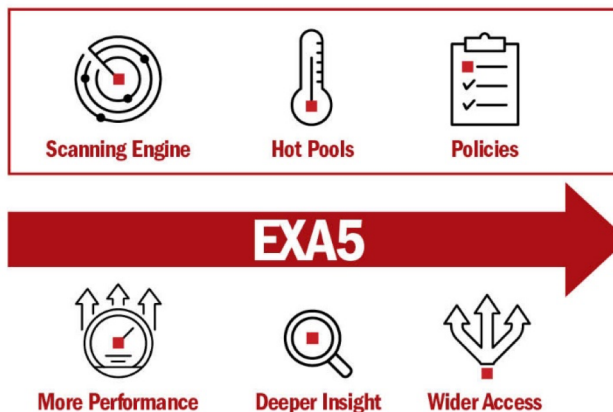

Quotas, access controls, hot pools, Strategem

Advanced Config and Monitoring Tools

Rapid deployment and deep end-to-end insight from application to disk

Complete Design Deployment and Support Services

A global network of OEM, integrator, and reseller storage partners

TUNED AND INTEGRATED FOR AI

10x Scaling Efficiency

DDN True Parallel Architecture Performance, Efficiency, GPU Utilization, Storage Capacity at Any Scale

10x DL Acceleration

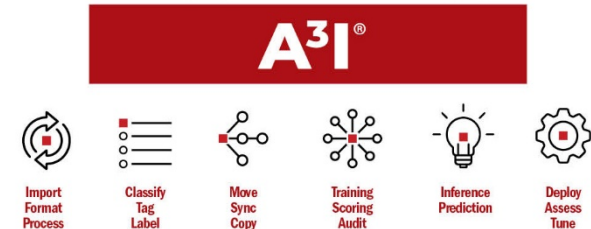

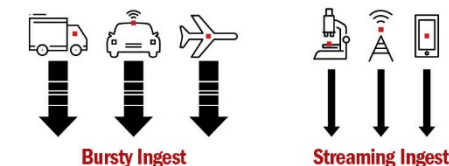

DDN Delivers Full Real Time Acceleration for ALL Workloads Concurrently and Continuously

Rock Solid, Proven at Scale

DDN Data Protection, Integrity, Declustering, Redundancy Ideal for Mission Critical Applications

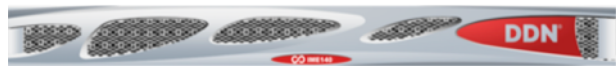

Effortless Deployment

Fully-Integrated and Optimized for AI Workloads and GPU Enabled Solutions

COMPREHENSIVE ANY-SCALE DATA SOLUTIONS

 **IME** **IME140**

FLASH CACHE ACCELERATION

**SCALE
OUT**

 **SFA**
SFA200NV | SFA400NV

NVME FLASH STORAGE

 **SFA** **SFA7990**

CAPABILITY HYBRID STORAGE

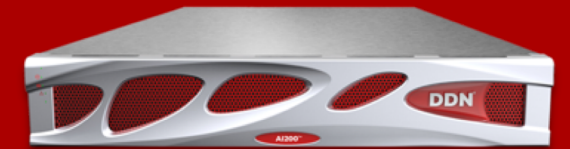

**UP
SCALE
OUT**

 **SFA** **SFA18K**

WORLD'S FASTEST STORAGE

A³I™

All NVME parallel file
storage appliance
Optimized for the most
intensive AI workloads

DDN FIELD TECHNICAL SERVICES ORGANIZATION

**Pre-sales design,
post-sales deployment,
support and training**

- 200+ field engineers in 50+ countries with decades of experience
- Deep domain expertise to cover all data-at-scale customer needs
- 24x7 multi-level technical support, global teams with expert capabilities
- Flexible and dynamic resource sourcing within global organization
- Comprehensive training program for all products and audiences

DDN FIELD TECHNICAL SERVICES ORGANIZATION

THE BEST global field engineering team!

Delivers unequaled knowledge, capability and experience

Understands the unique challenges of high performance systems

Committed to customer success and providing a premier experience

Engaged in continuing education and cross-training globally

Driven to consistently exceed all customer expectations

THANK YOU
